

Appointment of General Counsel & Company Secretary

Pioneer Credit Limited (ASX:PNC) has strengthened the Company's executive team with the appointment of Ms Susan (Sue) Symmons as General Counsel and Company Secretary, effective 1 October 2015.

Ms Symmons has over 25 years' experience as a company secretary including positions with Heytesbury Pty Ltd, Evans & Tate Ltd, Automotive Holdings Group Limited and Helloworld Limited.

Most recently, she has worked as a consultant providing financial and company secretarial services to a number of ASX listed and unlisted companies.

Ms Symmons holds a Bachelor of Commerce from Curtin University and a Master of Business Law from the University of NSW.

With Ms Symmons' appointment, Mr Leslie Crockett has resigned as Company Secretary and will focus on his role as the Company's Chief Financial Officer.

Managing Director Mr Keith John said: "On behalf of the Board, I would like to thank Leslie for his service as Company Secretary over a critical period which included our listing on the ASX in May 2014.

"The Company's growth has necessitated an expansion of the executive team, and we are therefore delighted to welcome Sue. Her experience will undoubtedly assist Pioneer Credit as we move into the next phase of our development, with the launch of a range of new financial products over the coming months."

About Pioneer Credit

Pioneer is an Australian financial services provider, specialising in acquiring and servicing unsecured retail debt portfolios.

These portfolios consist of people with financial obligations to Pioneer. These people become the cornerstone of Pioneer's business and are our customers.

We work closely with our customers who – for a range of reasons – have found themselves in financial difficulty. In the great majority of cases this has come about through a significant life event such as loss of job, serious health issues, marriage breakdown or domestic violence.

A key goal at Pioneer, as we work with our customers, is to see them achieve financial recovery and evolve as a 'new consumer'.
